What's happening?

Nationally there is discussion on cutting TWO TRILLION dollars from the United States budget. Though not specific in where the cuts will come from, it is for sure that the Medicaid budget will be looked at for much of the “savings.”

Since Medicaid funding is a federal state funded program, it will be at the state level where cuts in Medicaid funded programs will affect low-income Texans. Medicaid funded programs for individuals with disabilities, seniors and women and children will be in jeopardy.
